

ERSKINE PARK HIGH SCHOOL

SALSA PITCH

OUR GOAL

Our goal as students at Erskine Park High School is to revamp the oval and build in a proper volleyball pitch.

This is in the hope that we inspire students to be more active and enjoy their lunch times.

Our data:

Using google forms we asked year 7 and year 8 (approx 180 students 101 responded to the survey) students three short questions:

The image shows a Google Form titled "Encouraging Physical Activity @ EPHS". The form is created by "moona.dagheri@education.nsw.gov.au" and is marked as "Not shared". It contains three questions:

- What sport do you enjoy playing?** This is a multiple-choice question with four options: Soccer, Oztag/Football, Volleyball, and Other.
- How important is using lunch 1 and lunch 2 to play sport to you?** This is a Likert scale question with five options: 1 (Very important), 2, 3, 4, and 5 (Not important).
- What changes would you like to see @ EPHS to encourage you to be more active?** This is an open-ended text question.

At the bottom of the form, there is a "Submit" button and a "Clear form" link.

What our data says:

From the responses we collected and compiled our results were as follows:

Question 1: What sport do you enjoy playing?

- 52 students said football
- 31 students said volleyball
- 10 students said soccer
- 8 said other

Question 2: How important is using lunch 1 and lunch 2 to play sport to you?

- 52 said very important and the rest were scattered along the line with 6 saying not important at all

Question 3: What changes would you like to see @ EPHS to encourage more sport

- A good playing field (no bindis, cause they always end up on the ball)
- Proper lines marked out on the field
- More teacher involvement
- More equipment to use
- Shade
- Outside aircon (hahahaha)

What we did:

After looking at the data we decided to start with things that we can realistically achieve. So

1. Spoke to teachers about potentially reffing games during lunchtime (once a week). They weren't so keen.
2. Organised a meeting with the principal to speak about students concerns (this will be in week 9).
3. We are trying to speak to our GA who has informed us that the field now has proper drainage and they're working on fixing the pitch
4. Assessed areas where we could put up a proper volleyball court.

GOAL 1:

A proper playing pitch

Our pitch

This is what our current pitch looks like:

Future pitch:

This is what we hope to achieve:

How to achieve:

1. Fields to be a proper pitch (grounds to be free from holes/bumps/bindis)
2. Aerate the grounds when it's school holidays
3. Remark pitch lines
4. Purchase equipment specifically for lunch time only

COST:

1x 4L White Paint (Bunnings)	\$127.00
1 x 2L Yellow Paint (Bunnings)	\$83.00
GA to mark to lines/clear fields	Free
3 x footballs Gilbert balls)	\$44.99 x 3 (from
2 x soccer balls	\$90.00 x 2 (TX footballs)

TOTAL:

\$!

GOAL 2:

A volleyball playing court

Our current volleyball courts

Our future volleyball courts

How to achieve

- Bringing attention to our principal and the head of pdhpe
- Doing fundraisers to raise money
- Getting a quote towards building the volleyball court

COST

Heavy duty 'Q' build design volleyball posts with double hooks

Total cost : \$850.00

VPT 304E - club volleyball net 9500mm x 900mm

Total cost = \$99.00

Freight price - FORKLIFT = \$166,00

TOTAL COST : \$1115
